Permit Compliance Information Form

District Annual Fees

In accordance with District Rule 8.1, the Lone Star Groundwater Conservation District (District) requires all permittees to submit an annual **water use fee** associated with their permit.

Production Report (Meter Readings)

In accordance with District Rule 11.5, the District requires all permittees to submit end of month meter readings, every month, by the 15th day of the following month, irrespective of the wells operating status. *(Ex. April 30th meter readings must be entered through the District software by May 15th)*

2027 Enforcement Timeline

Water Use Fees	Due Date
Water Use Fee	01/01/2027
Late Fee Applied for Unpaid Fees	02/01/2027
Non-Compliance Penalty Applied for Unpaid Fees *Violation notices may not be received until Mid-April/Early May	03/01/2027
Meter Readings	**Issue Date**
End of Month Meter Readings entered into District software by permittee	Last day of every month
Non-Compliance Penalty Applied for Unsubmitted and/or Incomplete Meter Readings	16th of the following month
Inspection Fee Applied for Unsubmitted Monthly Meter Readings	03/01/2027
Overproduction Penalty Applied (If Applicable)	Upon Overproduction of Permit Allocation

Additional Information:

1. Inspection fee will not be applied in addition to non-compliance penalty if a completed production report is received and processed before an inspector arrives in your area. You may not schedule or postpone a non-compliance inspection. Re-inspection fee or fees will be applied due to inhibited or prevention of access for field inspection, intentional, or unintentional, to retrieve a meter reading or to inspect the well.
2. Permit holders may see multiple statements as invoices will be updated and sent as new violations, fees and/or penalties are applied.

For confirmation of current statement, contact the District at 936-494-3436 or email info@lonestargcd.org.
